

Domaine de l'Entre Deux Mondes

**BORDEAUX SUPÉRIEUR – 33141 VILLEGOUGE**

Organic and biodynamic wine

Between earth and sky, the vine offers us the best of itself. We support it in its evolution, respecting its cycles and the variation of nature. We respect it by vinifying in a natural way, letting the indigenous yeasts ensure the alchemical expression of the terroir.

**Tasting notes and References**

Patrick Dussert (Guide Dussert-Gerber 2020)  
Subtle and supple, long in the mouth with characteristic smoky nuances, with balanced tannins, still a little young but very promising.

**Guide Hachette**

Vanilla, mocha, so many notes coming from 12 months of aging in barrels. The woodiness is certainly present in the bouquet but the aromas of black fruits are also there. A supple and round body fills the palate and leaves a nice aromatic trail.
