Nullify a of your opponent's roll.

3 Spec-Ops Bow

Black Labs Tech

At the beginning of the round and before the Planning Phase, choose one of the following Black Labs Techs:

- ARMOR:** Add a to your combat rolls. Ignore the effects of the *Burning* and *Poisoned* State.
- STRENGTH:** At the beginning of your activation you heal for 2 . Add a to your combat rolls and a to your rolls.
- SPEED:** At the beginning of the round you get the +2 and +2 State. Add a to your rolls.
- CLOAK:** At the beginning at the activation and at the end of the states step impose the state on yourself if you are not adjacent to an enemy. The chosen effect lasts until the end of the round. You cannot choose the same Black Labs Tech in two subsequent rounds. Only one effect of this automatic skill can be silenced at the same time.

NOMAD
