Greetings from the General Chair

On behalf of the organizing committee, it is a great pleasure to welcome and invite you to the fifth International Conference on Technological Advances in Electrical Engineering (ICTAEE'25) that will be held at the Faculty of Technology – 20 August 1955 Skikda University, on November. 25–27 2025. The venue, city of Skikda is the largest city in the East of Algeria, and it is the Economic Capital of East Algeria. This three-day event will provide an opportunity to researchers from universities, industry, private and public sectors to meet and network with their peers. The technical program comprises well-known plenary speakers, special sessions, panels, oral presentations, posters and exhibitions. Exciting social programs are also planned for the conference attendees .

Conference Scope

The **ICTAEE'25**: International Conference on Technological Advances in Electrical Engineering aims to bring together leading academic scientists, researchers and research scholars to exchange and share their experiences and research results about all aspects of Electrical Engineering and Technology. It also provides an interdisciplinary forum for researchers, practitioners and educators to present and discuss the most recent innovations, trends, and concerns, practical challenges encountered and the solutions adopted in the field of Electrical Engineering and Technology .
